# Editorial Advisory Board

## Chairperson

**Prof. Shabahat Husain**

President Indian Library Association Govt. of India nominee on;

- (i) Governing body of National Museum Allahabad, (II) Khuda Baksh Oriental Public Library,  
(III) Member of University Court Allahabad University  
Ex-Dean, Faculty of Social Sciences, AMU, Ex-University Librarian, AMU

## Co-chairman

**Prof. Naushad Ali**

Professor Aligarh Muslim University Aligarh

## Members

**Dr. Ashu Shokeen**

DLIS & Dean, Faculty of Arts and Languages,  
Kurukshetra University, Kurukshetra

**Prof. B.Ramesha**

Dept. DLIS, Bangalore University, Bangalore

**Dr. S.S. Dhaka**

Director, MEA Library, New Delhi

**Prof. B.D.Kumbar**

DLIS, Karnataka University,  
Dhanwar

**Prof. Jagtar Singh**

Ex. DLIS, Punjabi University,  
Patiala, Punjab

**Dr. D.V. Singh**

Librarian, University of Delhi

# CONTENTS

S.NO.	CONTENT	PAGE NO.
<b>Theme 1: Application of ICT in Library &amp; Information Centres</b>		
1.	RFID: An Application of Information Communication Technology	2
	<i>Ms. Aashi Malviya, Dr. Sonal Singh</i>	
2.	Effects of Mobile Device on Student's Academic Performance	11
	<i>Anil Kumar</i>	
3.	Use of Facebook by the PG Students: A Case study of Kurukshetra University, Kurukshetra	18
	<i>Anil</i>	
4.	Multilingual Functional Model to Effective Online seeking for Researchers	28
	<i>Dr. Ashwani Kumar, Prof. M.P. Singh</i>	
5.	Comparative Assessment of Websites of State University Libraries of Madhya Pradesh	37
	<i>Dr. Braj Kishor Tiwari, Dr Pankaja Tiwari, Dr. Sonal Singh</i>	
6.	Information Literacy for Farmer's in Madhya Pradesh Rural Area	47
	<i>Mr. Deepak Malviya, Dr. Kishor John</i>	
7.	Knowledge Management Through Knowledge Banks: A Global Techno-Savvy Perspective	52
	<i>J. Shivarama, Ashok Kumar</i>	
8.	Job Satisfication in LIS Professionals in Ict Enviornment in Gwalior	67
	<i>Mrs. Leena Joshi, Dr. Raj Boria</i>	
9.	The Concept of Top Trends in Libraries - An Overview	75
	<i>Dr Mange Ram</i>	
10.	Use of ICT on the Library Services of Degree Colleges Affiliated to Delhi University: A survey.	85
	<i>Dr. Manohar Singh Dangri</i>	

11.	Status of library automation in Sayaji Gaekwad, central library Banaras Hindu University, Varanasi, India: A case study	96
	<i>Rishi Kumar</i>	
12.	Knowledge Management in the Age of Internet: A Challenge for Library Professionals	105
	<i>Rubi Basant</i>	
13.	Application, Implementation and Adoption of ICT in Library and Information Centres: A Futuristic View	114
	<i>Dr Shivpal Singh Kushwah</i>	
14.	E-Resources sharing in Virtual Private Networks	128
	<i>Singh, Shashank Vardhan and Rana, Ritu</i>	
15.	Artificial Intelligence and its Application to Library and Information Science	134
	<i>Sumit Kumar Manna, Nandini Sharma</i>	
16.	ICT Applications Impacts on Enrichment of Library Resources and Services in Electronic Environment	145
	<i>Suresha, GP, Dr.B.Radhakrishna, Mrs.B.G.Shivakumari</i>	
17.	E Granthalya 4.0 uses and Services	159
	<i>Teekam Chand Acharya</i>	
18.	Importance of Emerging Technological Innovations in Libraries: Issues and Challenges	165
	<i>Vaishali Sharma, Hemraj P</i>	
19.	Application of RFID Technology in Libraries and Role of Librarian	175
	<i>Yeshpal Singh</i>	
20.	Library and Information Services for Visually Disabled Users: Disability Need Not be an Obstacle to Success	185
	<i>Madhu Bharti, Shipra Agarwal</i>	

## Theme 2: Digital Libraries

21.	Digital Initiatives at the Central Library, IIT Indore: Achievements, Challenges and Future Plans	194
	<i>Kapil Kumar Gupta, Anjali Bandiwadkar, Rajesh Kumar, Kriti Jain</i>	

22.	Artificial Intelligence in Library and Information Systems	205
	<i>Arup Kumar Ghosh</i>	
23.	Content Analysis of Website of University Libraries in Maharashtra	214
	<i>Dr. Chandrashekhar D. Wani, Dr. Vinay B. Patil</i>	
24.	Social Media and Digital Libraries	224
	<i>Devendra Prasad Kushwah, Dr. GHS Naidu</i>	
25.	An Advanced Genre of Book Predicting System in Digital Library	233
	<i>Heerah D, Dr. M Anjanappa</i>	
26.	Effect of ICT and Big Data on Library Management	242
	<i>Kiran G. Jayade, Dr. C. J. Gaikwad, Dr. A. R. Mhaske</i>

**Abstract:** Plagiarism is a serious issue on academic campuses. Even it has been considered as great albatross around the neck of the research scholars. Plagiarism is not new in the world's education system in general and in India's education system in particular. It has been prevailing since inception of academic societies. However after emerging the Information and Communication Technology in academics, the concept plagiarism got more exposed and familiar amongst the academicians, students, and research scholars at primary secondary, secondary and tertiary levels of education. In addition, with digital contents, the access of the material/s is very easy and copying also. Hence the cases of plagiarism have been noticed and scholars trapped whether they committed the same with intentionally and unintentionally. At early stage, scholars were not very much aware about the citation styles of the web material/s. With the demand of the time, the things are marching towards digitization as it has been observed that the digitization shall bring the transparency in the education system and up to level it has brought. However cases of plagiarism have been increased since one decade. Hence to curb the plagiarism in Higher Education System the regulatory body namely University Grants Commission has brought

a policy on plagiarism. The present paper shall try to elicit the efficacy level of the plagiarism policy of University Grants Commission in Guru Jambheshwar University of Science & Technology, Hisar.

**Keywords:** Plagiarism, ICT, UGC, Plagiarism Policy, Digital Contents, Citation, HEIs.

## 1. Introduction

Many scholars have defined the academic integrity and plagiarism. Even University Grants Commission had prepared a draft and circulated the same in Higher Educational Institutions in all over India vide letter no. F.1-18/2010(CPP-II) dated 1<sup>st</sup> September, 2017 and feedback & comments were invited before 30<sup>th</sup> September, 2017. In draft, the Academic Integrity and Plagiarism both have defined precisely. "Academic Integrity is the intellectual honesty in proposing, performing and reporting and activity, which leads to the creation of intellectual property". "Plagiarism means an act of academic dishonesty and a breach of ethics. It involves using someone else's work as one's own. It also includes data plagiarism and self plagiarism". However in final notification the "Academic Integrity" definition remains same but "Plagiarism" definition changed i.e. "Plagiarism means the practice of taking someone else's work or idea and passing them as one's own." Therefore, as of now, it is open ended definition; hence its scope is wider and will cover every type of plagiarism. University Grants Commission has tried to include and define each and every term like Academic Integrity, Author, Commission, Common Knowledge, Degree, Departmental Academic Integrity Panel, Faculty, Higher Educational Institution- HEI, Information, Institutional Academic Integrity Panel, Notification, Plagiarism, Programme, researcher, Script, Source, Staff, Student, University, and Year. These definitions surely remove ambiguities when any student and research scholar will trap under plagiarism.

### **Objectives of the UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018**

In higher education many issues arise time to time as it is the back-bone and ascertains the growth of any country at national and international level. After emerging the information and communication technology, the concept plagiarism has elicited and started to fetch the academic and research activities. Therefore, the concept need to be addressed and finally, the regulatory body namely University Grants Commission brought a regulation to promote the academic integrity and prevent plagiarism so that fair research may be conducted. The main objective of the regulation is to curb the plagiarism in toto by using some norms and create awareness about the responsible conduct of research thesis dissertation, research

paper and etc. Moreover, to impart the training through different modes and develop the system to detect the plagiarism and set up mechanism to prevent the same so that the budding scholars may conduct qualitative research without any fear and the HEIs may sustain in the 21<sup>st</sup> digital and fast growing of social and economic development.

### **Brief about Guru Jambheshwar University of Science & Technology, Hisar- Haryana**

Guru Jambheshwar University of Science and Technology started its journey on October 20, 1995 under Haryana State Legislative Act No. 17 of 1995 at Hisar, Haryana State of India to impart education on the frontiers of Technology, Pharmacy, Environmental Studies, Non-conventional Energy Sources, Mass Media, and Management Studies. The University is recognized by the University Grants Commission (UGC) under Section 2(f) for recognition of degrees on 11.1.1996 and under section 12(B) of the UGC Act to be eligible for central assistance on 7.2.1997.

### **Level of Research @ Guru Jambheshwar University of Science & Technology, Hisar**

Guru Jambheshwar University of Science & Technology Hisar, the research is on its apex level and having 74 h-index as per Scopus which is one of the highest among the region and among technical universities all over India. In addition, the National Assessment and Accreditation Council (National agency to accredit higher education institutions) -NAAC peer team visited the university in the month of October 2014 and accredited 'A' Grade consecutively for third time and the same is extended up to 2021. The peer team is pleased to be witness 2422 articles published by the faculty members in leading International/National Journals during the tenure of 5 years which shows the extensive use of electronic resources. Apart from the above, the Guru Jambheshwar University of Science & Technology, Hisar has the honor to be the 1<sup>st</sup> Technical University of the Country, established in 1995.

### **What was the requirement of UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018?**

To bring the uniformity in the plagiarism policy with the purpose to curb the plagiarism and to prevent the academic integrity in toto among Higher Educational Institutions (HEIs), the regulation was required. Take the example of Guru Jambheshwar University of Science & Technology, the research of the university is highly advanced but before this regulation, there was no policy on plagiarism with the university. Although, university was using the anti-plagiarism tool namely URKUND- a pedagogical support system for plagiarism checking and its link was given to every faculty member but what percentage shall be in permissible limit

that was not defined. Some cases have been noticed of plagiarism but in absence of proper guidelines/policy the accused could not be punished. Therefore, for seamless and sound policy, the regulation was required.

### **Impact of UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018**

Undoubtedly, after notifying the UGC regulations, the HEIs felt relaxed. The same feelings have been with Guru Jambheshwar University of Science & Technology, Hisar. The university authorities, supervisors, scholars, and students felt happy as policy shall protect them from the accusation of plagiarism, if anyone commits the same without intention. Even UGC regulations have recommended that "if any member of the academic community suspects with appropriate proof that a case of plagiarism has happened in any document, he or she shall report to the Departmental Academic Integrity Panel-DAIP. The DAIP shall investigate the matter and submit its recommendations to the Institutional Academic Integrity Panel of the HEI". It means the DAIP shall work as filter as during investigation. It has to undergo the facts and analysis accordingly which shall surely lead the transparency in the process. If the accusation is false, then concerned is safe at the primary stage or local level.

Regulation gives the freedom to scholars up to a level of plagiarism i.e. "Level 0: Minor Similarities, no penalty. Level 1: Similarities above 10% to 40%, shall be asked to withdraw manuscript, Level 2: Similarities above 40% to 60%, shall be asked to withdraw manuscript, shall be denied a right to one annual increment, shall not be allowed to be a supervisor to any Master's, M.Phil., Ph.D. Student/scholar for a period of two years. Level 3: Similarities above 60% shall be asked to withdraw manuscript, shall be denied a right to two successive annual increments, shall not be allowed to be a supervisor to any Master's, M.Phil., Ph.D. Student/scholar for a period of three years. For scholars/students the penalties have also been defined according to the levels".

In the light of the UGC Regulations, the Guru Jambheshwar University of Science & Technology has prepared its own policy on plagiarism. The university has considered all the recommendations or adopted in *toto*. However, on the request of the faculty members, the university has permitted to exclude the '*Material and Methods*' portion during checking of the similarity index of the thesis. This step has given the relaxation to supervisor and scholars also. The major impact of this regulation is that the university has taken the subscription of word wide anti-plagiarism tool namely Turnitin and Vice-Chancellor GJUS&T has ordered that every thesis has to be checked with Turnitin before final submission, then

the concerned shall be allowed for final submission. This step surely proves milestone in the history of GJUS&T academic/research and shall lead the qualitative research in the existing and coming time.

### Level of Awareness among Research Scholars about UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018 of Guru Jambheshwar University of Science & Technology, Hisar

A tool of few prominent questions has been prepared and through qualitative method of research the interview of 150 research scholars of different disciplines of the university has been conducted. The purpose is to simply know the view and level of awareness about this regulation. For analyzing of data, the Excel tool has been used. The result of the discussion is as under:

Statements	Interviewee Responses (in percentage)	
	Yes	No
Are you aware about UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018?	80.3%	19.7%
Are you aware about the various recommendations of the regulations regarding to curb the plagiarism?	55%	45%
Do you agree with the objectives of UGC Regulations, 2018?	45% fully agreed but 35% partially agreed as they said to implement the same concerned HEI has to take the initial steps.	20% said need to incorporate few points also.
Do you agree with the recommendations in toto which have been notified in UGC Regulations, 2018?	35% were agreed with the recommendations in toto.	65% said we did not undergo thoroughly with the same so far, hence we cannot say anything in this regard.

## 2. Conclusion

The scope of the study is confined with Guru Jambheshwar University of Science & Technology Hisar; hence its results cannot be generalized. Therefore, to investigate the level of efficacy among scholars of UGC (promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions) Regulations, 2018 in others technical institutions of higher education of Haryana need to be involved in study so that results may be generalized and a better, sound, and seamless policy on plagiarism may be framed in the light of the existing UGC regulations 2018. Moreover, further research may be conducted and accordingly more awareness and training programs may be organized for research scholars. Thereby, qualitative & quantitative research may be held. After analyzing the responses of the interviewee, many issues have found on alarming edge which needs to be addressed without further delay. The alarming issues are as under:

Do you know the role of Departmental Academic Integrity Panel- DAIP?

Only 35.4% scholars were knowing the role of DAIP in the Higher Academic Institution.

Rest 64.6% replied that no department having such type of the Departmental Panel in GJUS & T.

Do you know about the penalties if anyone commits the plagiarism repeatedly, other than levels punishments?	10% were aware about this concept.	90% said there are no penalties after punishing according to levels.
Do you know who will be the Chairman and members of Departmental Academic Integrity Panel (DAIP)?	2%	98% were not aware about the Chairman and members.
Are you aware about the role of Institutional Academic Integrity Panel (IAIP) and its Chairman and Members?	1%	99%

Therefore, it is the duty of the concerned institute to address all these alarming issues so that the awareness of this regulation may be created among the scholars, thereby at initial level of their theses, they may aware about each and every ins and outs of the plagiarism and conduct a fair research.
